To the class of 2008,

We are a class that knows how to enjoy life. For four years we have found comfort here within the walls of our school, surrounded by good friends and incredible memories. Now, it's time to step up to the real world. The future is ours; our chance to shine. One day we'll look back at our high school career and smile, remembering what made our time here great. As we walk out the doors of South Windsor High School for the last time, we move on to a new and great beginning, but with us we will take the experiences that shaped who we have become. We leave knowing that together we formed some of the brightest moments of our lives. We are the greatest class to graduate South Windsor, and yes,

"We're kind of a big deal."

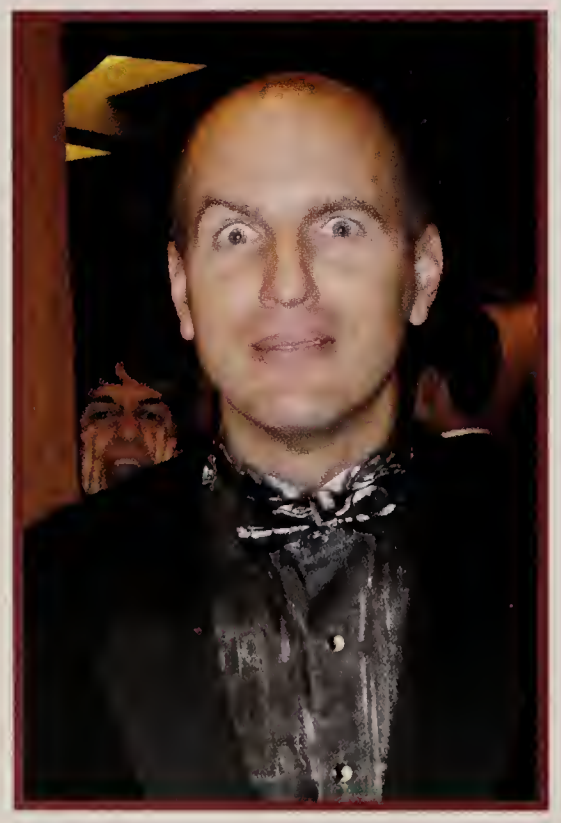
2008 Teacher Dedication

"He tried to get us to see that what we learned was more important than the A on the paper."
- Leanne Ryder

"He lights up the class with his bright attitude."
- Claire Fichtel

"The class in so interesting and unconventional. I love it." - Tori Safner

Mr. Brenner



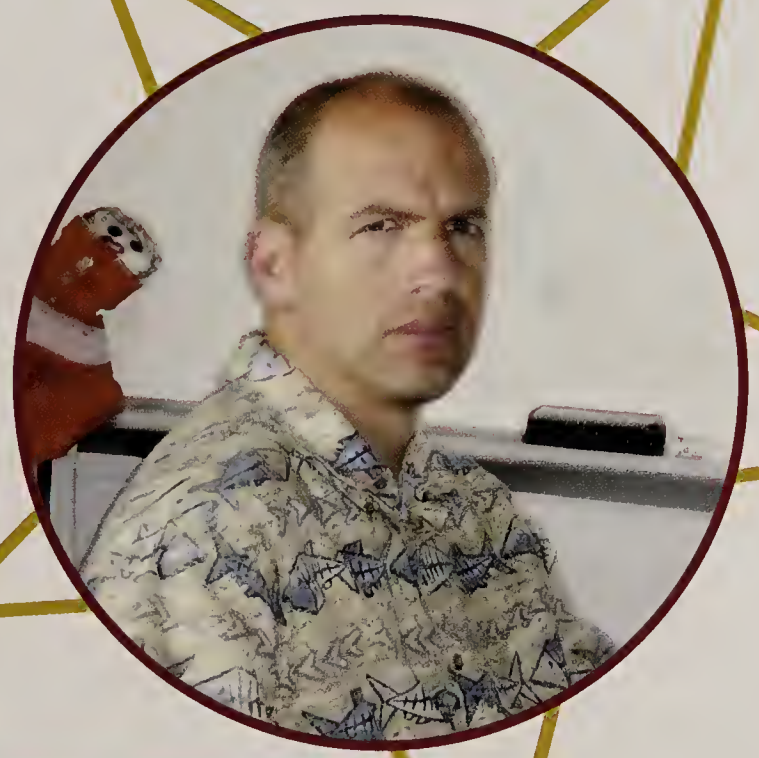
Aaron Brennner was born an only child in Dayton, Ohio. He later moved to Newton, Kansas where he grew up and attended high school. Like many teenagers, Mr. Brenner was not thrilled with education, often joking with his friends about the prospect of becoming a teacher. What the young Mr. Brenner did not realize was that he would in fact become a cherished teacher in the South Windsor High School staff.

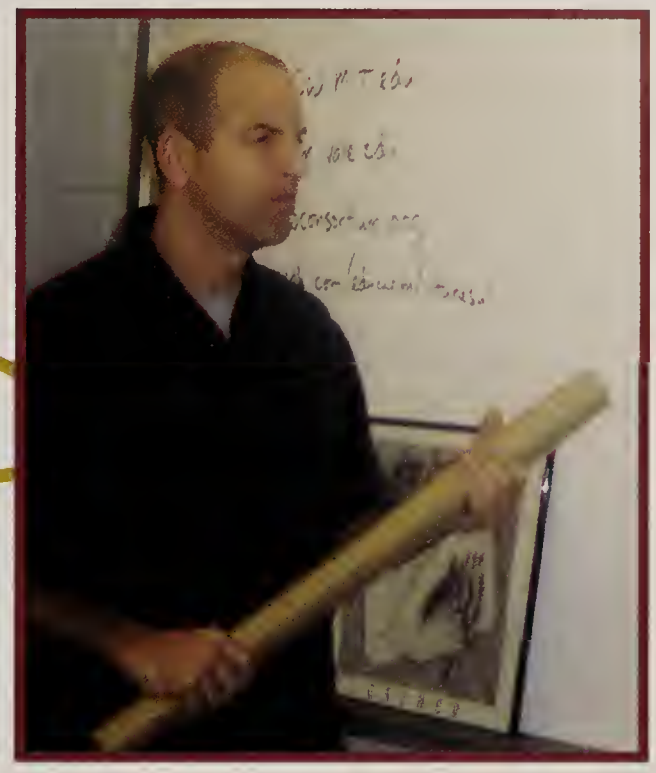
Growing up, Mr. Brenner had a variety of interests. He liked to read, listen to music, have fun with his friends and he held a job at the local Dominos. Mr. Brenner was an independent teen, but his change of heart towards teaching all began with the words of his mother. She told him to be quiet, stop complaining and do something; change the way students look at their teachers.

After attending UCONN and majoring in English and Anthropology, Mr. Brenner returned to graduate school at the University of Bridgeport, earning his masters in education. Mr. Brenner has worked at South Windsor High School for three years, teaching English courses to sophomores and juniors.

Looking at what Mr. Brenner has accomplished so far, it is obvious why his students have deemed him to be such a great teacher. His comical and kind personality makes students feel comfortable and he is always excited to teach. "I would say my favorite students are the ones who need me the least. That is, the ones who push me to bring them more. They aren't necessarily the most brilliant, but they have a desire for learning and don't just accept what I give them. Those are the students that make me a better teacher."

For all your hard work, the class of 2008 dedicates our year book to you!





Brenner Facts

~ Favorite subjects in high school: Science classes such as chemistry and physics.

~ As a teen he believed there were four food groups: pizza, ice cream, chinese and nachos.

~ He enjoys reading all kinds of books.

~ His favorite type of music growing up was alternative.

~ He loves to travel to new places, but his favorite place to visit is the Grand Canyon. He has been there four times.

~ His favorite colors are black and white.

"You never knew what was going to happen in class. Each day was a surprise." - Michelle Baj

"He's the kind of teacher who really makes you question things and push the limit." - Sarah Sieminski

"We all struggle to find the right path to take in life, its not always easy to know what that is or where it will lead us. In the end, it's the people in our lives that provide us the balance to help us make it through".

With all of the support from my family and friends, high school has been a place I'll never forget. I would like to give a very special thank you to Romita, for not only being my sister but my best friend. Without you leading the way for me, I wouldn't be who I am today. (Rocky likes me better). Mom and Dad- thank you for always pushing me to succeed. Breanna- you've helped me through some of my hardest times, many memories, good and bad that I'll never forget. Katie- you'll always have a place in my heart and you'll always be, The Best Rapper Alive. Vidhi- my munchkin; team gorgeous for life. Kaitlin- 9 years and counting. See ya around the corner! Fatima- I love you, beautiful. Fidu- vhat?! Andrew- Thank you for your friendship and love. Elmo adores you. Lastly, Congratulations to the Class of '08. We out!

"He can who thinks he can, and he can't who thinks he can't" Pablo Picasso

To all my friends-thanks for always being there and making me laugh. I never thought there was a group of people out there as crazy as I was, but I found them. So thanks for being there to table top people together, arm wrestle during study hall, throw mud at each other, fall in the corn maze, run away from people on the street, scare people in the bathroom, ride bicycles in the rain, or just ride around in a car. High school would have been pretty boring without you! To my family- thanks for being there and putting up with me. I appreciate it! I wish everyone the best of luck in the future.

Jen, Sam, GG, Lizzy, Sarah, Nadia, Heather - My god I love ya. Jen, "I can't do this thing called life with out you." St. Patty's Day times 2, tiz me Laurz, Our dance off DVD was a hit, Fall out boy concert, grenade jumper, back in black. We will always be mean girls. No one else understands this because we're on the same page...all the time. Sam, last time I remembered we were setting up a store in my basement. I can't believe we've stayed friends this long. Sista Eatery. FH just wasn't the same. Please stop dancing. You are my best friends; I love you both to pieces. ENGLAND. Senior Sergeants; salute us. Kara; 60:40 see you in college. Spain, you were the best experience of my life. FH- we dominated; keep it up. Alex, Matt, Jeff; my boys, I love you. To my little girls, Emily, Haley, Emily R and Jess; I'm sorry you're not graduating. Keep the rest of SWHS under control. Thank God I'm done.

Henrik Angelvuo

Thanks to all the people that made my stay unforgettable. Thanks to Mr. and Mrs. Siracusa for taking me into their home and being my parents for the year. To Butchie, my American dog, who always cuddled with me when I needed a friend. To Matt who was there for me as a friend and a brother. The year was great, but wouldn't have been nearly as memorable without the hockey team. I want to thank Coach Rodman, Coach Grosso and Coach Humiston for having me on the team. To the sixth period study hall who were the best people in the world. Kara you are the apple of my eye and we should run away together. If anyone wants to come to Finland, holler at me. "That it will never come again is what makes life so sweet". Life is a collection of memories, and to live each memory is to succeed in life. My high school career has been full of tears, laughs, growth, memories, experiences and friendships. Brittany- what can I say, our high school memories are endless. You have been a sister to me through all the years and I thank you so much, Kelly Clarkson concerts and flying gummie bears, priceless. Steph&Kelsey-you guys made these years amazing, thanks for everything. To the rest of all my friends, I love you guys and thanks for the memories. Nicole&Mike- you guys are my role models, literally, thanks for always giving me random advise about life. Mom&Dad-thanks for dealing with me through these crazy years, you guys always supported me and I love you guys. Peace, love and happiness to all my fellow seniors.

Katherine Beam

Thanks to all my friends, my family, and my friends' families. I owe a lot to a lot of people. To those special teachers, thank you for the foundation you provided me with, that I will take with me into the future. You all had a hand in my success. To my family, mamita, thank you for your support and belief in me. To all my friends, you guys kept me laughing for the past four years. Our inside jokes change every month, there is no way I could list them all. To the cross country girls, just remember, our sport has no benches, no subs, and no timeouts! Stay tough and run fast. To Chris, you have been "my other half". Thanks to all. Remember, "high school is a lot, cherish it, but it is not everything, bring on college!"

Alex Bednarczyk

These past four years have been the best of my life. I wish there was some way to enjoy them forever. I am grateful for my family and friends, who made this extraordinary time in my life possible. Thanks guys.

Grant Bigman

"When a love comes to an end, weaklings cry, efficient ones instantly find another love, and the wise already have one in reserve"

Alright so let me get this meow straight, I need to talk about my entire high school life in 850 characters, no more but certainly meow less. How can we be forced to just this, when I already have 177. Coincidentally the team number of our #1 robotics team in which I do no work and all the play. Anyways, off topic, love, laughter, jokes can all encompass these past 4 years of my life. Whether it was freshman English to leading freshman on how to slack during running sports I've had my fun. Of course I haven't done it alone I've done it with Sean Chris Brad through the trips to Taco Bell plus the epic man-talks. YOU GOT TO WANT IT NINETY PERCENT MENTAL. There's so much to say in such little space. I want to thank anyone who has even made an impact on me whether it's from just saying hi or giving a hug I will always remember. I will still BLOW my conch and yell into the megaphone since I am clinically crazy.

Megan Boulais
"Life's what you make it so let's make it rock."- Hannah Montana

When high school first started, I didn't feel any different than I did in eighth grade. However, once sophomore year started, everything changed. I met so many different people, and got to know them really well. There are not many things I would change about what has happened in the past four years, because overall, these years have been so fun. My true friends have stuck with me through everything, even when they didn't want to anymore. Thank you guys for giving me someone to go to when I needed help. Broadway trips have been the best thing, especially when the most random and funny things happen. I would also like to thank one special person for being there for me, and truly caring about me. Nicholas Tripp, you have been so supportive and loving, I don't know what I would have done with out you. These past four years in high school will never be forgotten, and everyone better stay in touch on facebook.

Jacob Bozzo
My motto these past four years by Peter La Fleur "I found that if you have a goal, that you might not reach it. But if you don't have one, then you are never disappointed. And I gotta tell ya... it feels phenomenal."

To my good friends Blake, Liu, Kinsella, Chris Michaud, Rob, Eric, Franny, thank you guys for some amazing times. To all my other friends Jordan, Laura, Sam Bizon, Seth, Kyle Mac, Kaczynski, Jeff, Taveras, Nicky Lou, Mondy, Langer, Saur, Comeau, Landon, just to name a few, I have had some pretty cool times with you guys too. To anybody that I haven't put in here, thank you for being there and making me smile. I have so many awesome memories that I wish I had more space to write about. 8th grade trip to D.C., Friday night hang outs, random walks at 3 am, always hanging out doing absolutely nothing, 300, Superbad, and so many more memories that I'm sure will be had before the end of the year. To all of my fellow Dodgeballers, Keep on dodgeballing!!

Jacqueline Brodeur
"The whole world, myself included, seem to have one thing in common: We're just a crowd of people who don't really fit in anywhere attempting to convince one another that we do." – Andrew McMahon.

High school can be defined many ways. Some days, it's that moment at 11 o'clock when you just woke everyone up in your house because you were being too loud, playing a board game with your friends. High school is eating lunch in the nurse's office. It's the cake I got every time Evan cheated off of me, or a 45 minute talk about my use of the word "nation" in Brit Lit. High school was prom, Death Cab and Jack's Mannequin concerts, or just crazy weekend nights. It was shunning the non-believers, and being made fun of mercilessly for doing something wrong. It was 2 months of maiz morado, Bio with the evil triad, and all the Journalism emails!!! High school, of course, would not have been defined without my parents, Andrew, Annie and Grammy, and my friends Ashton, Corey, Evan, Teryn, Ali, Tammy, Justin, Trey, Chris and Brien.

Lauren Brown
"We wonder why black and white photos capture our soul. I think it's because without color, we aren't drawn to the makeup, and the color of our eyes, or our hair, or how tan our skin is. Black & White captures the innocence on one's face and the hurt they've gone through to feel vulnerability. The glow we see comes from the inside. Brightening our eyes, our skin, and our smile. It grabs the truth that liberates us."

I never knew that so many experiences could be packed into four years of your life. They were not always positive but I have grown and learned so much that has matured me for the future. I have loved, lost and saved many relationships that have molded me to who I am today. I am also thankful for my family and all of the teachers that stood behind me the whole way. There are no regrets because I believe that everything happens for a reason and I cannot wait to move on and up to greater things in my life.

My time at South Windsor has been challenging, yet exciting and developmental. Not only have I grown intellectually, but socially and philosophically as well. I did not spend my middle school years in South Windsor, so I had the initial challenge of making friends within already existing social circles at the high school. It took a little while, but the people I have met here are truly great, and unique, and I am happy to call them my friends. Originally when I came to this school, having the background and experience, I was interested in technology and engineering as a career choice. I have come to realize though, that my true passion lies in the social sciences. My experiences have also exposed my interest in public service. The great teachers and staff at South Windsor guided my exploration and helped me find what I really wanted to do with my life. None but my family, friends, and mentors helped me through this process, and I am truly grateful for all the help and patience they have given me.

There are so many memories I can't wait to leave behind for the upcoming senior class to experience. Although Sdubb has its moments of boredom I can't imagine myself growing up anywhere else. These last four years have truly been a crazy ride. Thanks to all my girls Kimmy, Bex, Fidu, Erica, Steph and my So Filthy Seniors, and so many more I should name for making my last four years memorable. Babe I want some, I'll miss you next year. I hope everyone can get to where they want to be, and to always remember where you came from. Thanks so much to all my teachers especially Martineau to whom I have become and official pure bread he won't forget, to my family whom I love so much, and everyone who ever came to see any shows or concerts. With that I thank Mr. Stead and my 3 best friends from "The Wiz" there's no place like home. So I leave South Windsor High with high hopes for the future and so much love for my favs. I'll never forget you.

Corey Bushey
"Somebody should tell us, right at the start of our lives that we're dying. Then we might live life to the limit, every minute of every day. Do it, I say. Whatever you want to do, do it now. There are only so many tomorrows."

Through the years here I've learned so much, but above all, I've learned who I am and to be okay with it. Thank you all. Wandering through life I've experienced a lot, and I'd like to take this opportunity to dispense some advice. Life is handed to you everyday, take it, and run like hell. Worrying is as effective as trying to solve an algebra equation by chewing bubblegum. Live. Remember the compliments you receive, forget the insults; if you succeed in doing this, tell me how. Sing. Read the directions, even if you don't follow them. Dance. Listen. And for everyone in the class of 2008, I ask of you one thing: "You are educated. Your certification is in your degree. You may think of it as the ticket to the good life. Let me ask you to think of an alternative. Think of it as your ticket to change the world."

My four years of high school have been so fun and memorable. I couldn't have made it through though without the help of my friends, family, and teachers"Know troubles they may come and go, But good times they're the gold."-DMB
A few memories I will never forget include: SWHS Bball girls, Country store trips daily with Gianna, just to get monsters. Dance parties with Lizzy Gineo & our Starbucks obsession, "loves it." Nadia's house pretty much every night with all of the girls. People thinking that I would never get my license, but I did. Dancing with Michelle and getting in trouble in chorus; loved that. High school has been so enjoyable and unforgettable for me; however I guess its time for me to go off to college, and see what they know.

The last four years have been an incredible experience. I would have never gotten through it if it had not been for my family. They supported me through everything, and I am glad they were there for me. High School would not have been as fun had it not been for my friends. Jon, Jobes, Karol, Kliman and Jeff we all had great times together crazy weekend nights, sometimes driving around with no plan in mind. Everyone on the tennis team, where we had some great memories, including showing up to practice 15 minutes late and winning the conference title. I'd like to wish the best of luck to my junior friend's, Ian, J.B. and Kevin, hopefully your experience senior year is as great as mine was.

Imagine tossing a handful of identical wine corks into the surf. They hit the water within a few inches of one another, and start floating amid the waves. Within minutes they become more dispersed within hours they drift miles apart. The small differences in their path become larger as time passes. Don't fear the distance time brings between us. True, we've always been together in our harbor. You can wait to drift out, fighting the current, fearful of the vast ocean, instead I'm happily jumping in and flowing with the tide, envisioning a new paradise to replace the one lost. JUANSKIS for life.

Mom, Dad, Andrew, Kat, Ben; always loving you. At Saur's with him and Adam, eating whatever his mom was making. Playing with puppies. Just chilling.Working with Langer at the Mill. Brunch on Sundays. Aqua Teen.Jamming in stairwells with Nick and Alan. Recording at Nick's. Making an album. Fires at Breanne's. Nearly burned my arm off. It's okay, it's only GAS! Hockey with Ryan on Fridays. Shana at practice. Bingo night. Teepee planning, ninja rolling, and sitting down and talking with Val and Tarra. Sara with endless hugs and love ya's! Booger. Study hall with Dominican, coloring and talking about Dodge Ball. Chocolate Thunder. Walking back from lunch with Kelsey and Brielle. Provoking both of you. But what I loved most was the summer before senior year. Campfires at Saur's were what made our "group" whole. We all lived for the moment. An ode to you my friends. You all made my years worthwhile.

As I write this, I can't wait to get out of high school and on to my "real" life. Yet, I know that later I will reread this and realize that my time in high school was some of the best years I will ever have. I excelled academically, yet it is interesting how my learning style has changed. Rather than from a text book or a lecture, I now see that the most important lessons take place through my decisions, and relationships, and how I interact within the world. All four years that I played football, two as captain, and lacrosse brought some pain and frustration, but more importantly, friendships, and experiences in practice and in games I will never forget. Mitch, as I leave this school, you get my former responsibilities. Become a leader in football and guide our team to success. Continue achieving in the classroom, but make a little trouble, too. Zack and Sam, I'll always be there for you. Mom and Dad, I only annoy you because I love you so much. Thank you, Kayla, for making my senior year an infinitely better experience.

These past four years have gone by so fast. There are many memories that will never be forgotten, and I want to thank every single person that has ever been there for me. You all know who you are. Mom and Dad thanks for always being my support and always believing in me. The time that I have spent here has been the very best; I wouldn't change a thing.

The following quotes best describe my time shared with friends and teachers at SWHS, you know who you are!!!!

"Friends I will remember you, think of you, pray for you. When another year is through, I will still remember you."

It's weird to think that in a few short months we will all be steering out lives in different directions. I'll always remember ballin' on the weekends, hanging out at Joe and Noah's houses, WOB, Bravo's ridiculous class, trying to find something 'going on,' sergeants and souljas, and the bobcat time jokes. To my friends who made it all worth it, you're the best. JenHunt: you mah girl, I love our phone calls, and endless attempts at SNL impersonations. Sarah: our trips to the country store every night to get monsters, and of course all of our other adventures. Lizzy G: I feel like one day we will work at Starbucks, and finally get to the gym. Kyle 'K Coolz' Coulom: Lunch would have been so boring without you there to entertain us. Fox61 forever! Steve H: Swamp tigers, enough said. To my family, I wouldn't be the person I am today without all of your guidance and support. Thanks for always being there for me, I love you. To the Class of 2008, the memories and time we've shared together will always be with me. Congratulations, we made it!

I want to start off by saying thanks. Thanks to everyone who has made these years of high school, years that I will remember forever. Mom and dad: I know dealing with a teenager can be tough, but I want to thank you guys for everything you've done. You've worked so hard to give me everything you never had as a child and one day I'll make you proud of my success. Vraj: this is probably the only time you're going to hear me say this, but you are the best little brother ever. I know that out of anger I always say," I cant wait till college so I don't have to deal with you" but really, I'm going to miss you more than anyone. And to save the best for last, all my friends: the road has come to an end, we're finally seniors and heading off to college. We've made an uncountable number of memories in the past four years. I'll miss you all too much for words. Congratulations and good luck class of 2008, we did it.

"True Friends are the ones who never leave your heart, even if they leave your life for a while. Even after years apart, you pick up with them right where you left off."

Slam has been there forever. Cait your family is my family. Lunch and gym buddy. My boys are irreplaceable. Some memories I'll never forget: movie nights, volleyball, ice cream runs, sleepovers, dances, the beach, mini soccer, wrestling, bowling, cake fights, bonfires. I didn't want to mention only the names of the people who are only a part of my life today. There are so many people who have impacted my life over my high school years. I'm lucky to have met such great groups of people. Although many friendships have come and gone or diminished to kind gestures in the hallway, each person has affected me at some point. I know once the year is through, I won't see those who haven't kept in good contact and even some of those who have. However, we will always carry the memories throughout the years. Thank you for the good times, and may we never forget them.

"As we go on we will remember all the times we had together...High school went by so fast, but I'm glad that I spent all four years with the people that mean the most to me. I don't know what I would do without all my girls. There are so many good memories that I can always look back on and that I'll never forget. My girls and boys keep it real... and as our lives change, come whatever, we will be friends forever."

Brian you will always be in my heart thank you so much for everything I owe it all to you so many good memories with you, you mean so much to me I love you!, Mom, Dad, Joey, Chelsea, I love you guys. It's finally our turn! Here to the call of 2008.

These four years of high school have been great, and I will always have many memories from my time here at SWHS. Where to begin – sophomore chemistry with Mr. White, bonfires, pasta parties, the beach, mud volleyball, lacrosse, mini-soccer, Brad's house, going "crazy," skiing and France (I hope). Good times in double Bio with Mrs. Babiec and everyone as well as our four years of French class, prom, New York with World, hiding in Latin, golfing and road trips to volleyball games and hockey matches with the gang. Cross-country was fun – good times with coach Geraghty and at Wickham – conference champs! Thanks to all of my friends and those people who have meant so much to me in my life, I can't list you all, but you know who you are – I'll keep in touch. Mike – thanks for guiding me through my first years of high school and Kelly – good luck at East, I know you'll do well. Mom and Dad – You have always supported me and given me great advice. To everyone else: good luck and have fun in the years to come!

Four years sure have gone by fast. So many people have made high school such an amazing experience. Firstly, to my family- thank you so very much for your constant love and support. I wouldn't have made it without you. To all of my friends, who I won't name for fear of accidentally leaving someone out- thank you for the gifts you have all given me. I value each and every one of you. To the Volleyball seniors- from cheetahs to "shnacks," we survived the bears and business calls together. Thanks for all of the fun and all of the memories. To Stead, Carlson, and the Techies- thanks for a great three years, and thank you for putting your trust in me to lead. I'll never forget all of our fun times at TGI Friday's. To all of my teachers, who have been so instrumental in shaping the person I have become- thank you. I will never forget what I have learned here at South Windsor High School. To the Class of 2008, best of luck and, in the words of Rod Stewart, "Be courageous and be brave, and in my heart you'll always stay forever young."

I seriously cannot believe I'm graduating high school this year. I remember my first day of high school, decked out in my cute plaid mini skirt. My fashion sense has definitely changed since then, along with many other things about myself. So many people have been a part of this change. Lori- my best friend, soooo many crazy times! From purse throwing to Dave at Madison, we have too many memories to count, and I know many more will be added to the pile. Melissa- we've been friends since our tree at PRS...SNORT! You will never let me forget that sneeze. My jewcy girls will always be in my heart, as well as all the other people I've met in usy- I'll never forget you! Jenna- we've grown up together and been through so much: ouiji, mystery, our parents are aliens. Finally, how could I forget Mom, Dad and little booger Ben. I could not have gotten through these years without you. I love you with all my heart. Congrats to the class of 2008. Good luck!

When looking back on high school, it all seems like one crazy trip. I still want to be eleven, hanging out at recess, drinking milk out of a square carton, and buying ten cent cookies. Now almost eighteen; recess has turned into the dodge ball club, milk comes in a bottle and cookies cost seventy five cents. I have grown up, and it is time to come to grips with that. They say to write about what you have left behind as your mark on South Windsor High, and that got me thinking. I took all the classes, learned all the criteria until I could make a formal proof of why I should eat a sandwich and document my sources in Modern Language Association format. You will not find any contractions, thank you Mr. Jussila, in this write-up and I will always remember my rights in a contract, Mrs. Dupont. I can name a rock's type with my eyes closed, and I know that Mr. Brindisi was not a cheerleading coach. I learned my lessons here and I am ready for the next step in my life. These 4 years have been quite the experience, and I wouldn't trade it for the world, all the ups and downs. Lauren, Sam, Nadia, Lizzy, Gianna, Heather, and Sarah, I couldn't have done it without you. I love you more than anything. Laurz- you're my best friend ok? "I can't do this thing called life without you" seriously though, that's not a joke. St. Patty's day was great, and then again, back in black, dance offs, everyone loved those. We've been through a lot, but I'm so glad that in the end, we are just back to the same page, page 345 to be exact. Sam, I've never laughed so hard with another person. The spider at Starbucks and all those long trips in our cars here and there. Spending every hour of the summer together, as if it was our last together, but we've got plenty of time left. Mr. Sandman, I love you so much, both of you more than anything. To those who have to remain- Jess Neadz, Haley, Emily, keep the little girls under control for me? Hey Laurz, see you when we're 30.

It seems like the other day I was in middle school, let alone high school. Time has flown by. When I think about it I feel relieved but also a little sad. Although this chapter of my life has now come to a close, it will always be remembered. I will never forget the fun times and the not so fun times. I would like to thank my family for helping me through it all. I would especially like to thank my friends, for the help and all the fun times. SaMMY G, I love u guys, just always remember to let Jesus take the wheel...as long there's no squirrels in the road. All my teachers I've had over the years; thank you for being helpful and patient. Thanks everyone again, I wouldn't be anywhere any where if it wasn't for you. Mom and Dad, I would like to thank you guys especially for everything. As college draws nearer, and high school ends, I will never forget anyone, and this new chapter in my life begins. I will always look back on my high school years as those filled with good times, and happy memories. Class of 2008!

When I was a freshman I wanted to fly; I wanted to be a senior. But, I had to keep in mind that my time would come. So, until then I tried to expand the walls of the confined box of high school. I tried to take the opportunities I was presented with and seek out new ones; for it is those opportunities that challenged and shaped me. I had to learn the art of patience. I haven't mastered it as yet. But there is more time. High school is not separate from reality. Life continues. I am still learning and still seeking balance. High School has not been smooth; it has been fantastic and has been hell. Now it is time to say farewell. Thank you to friends, family and teachers for support. To all, go outside your comfort zone and strive to make a change in our school.

"An investment in knowledge always pays the best interest." - Benjamin Franklin

Here is a minority of the myriad moments and milestones of my momentous high school career that made it memorable: Being in plays. West-Pointing people. Being on XC. Listing the various types of shrimp. Cuando era nina... All the times in chemistry with Charlotte, Mickey's Rice Fiesta, and writing diary entries. Talking in accents. Louder, man! Playing would you rather for hours

and never getting bored of it. Bassy the Basilisk. Writing workshops. Being so sorry. How now my love? Playing the knuckle game. Being in Spain with Snags and My Family, Please. Improv games. English Freshman year. Spectrum. Tomfoolery in general. Now "seriously" everyone, let's reach for the stars and complete our journey. These four years have flown by fast, literally. We're in the home stretch, rounding the bases, yet the ball is in our court. Thanks to everyone who came to all the plays and concerts over the years, especially my family.

I don't think I ever saw high school going like this, but then again, I don't think there is any real roadmap for chaos. Everyone says it, but it's so true; friends kept me going through these past four years. Pete, my Jungle Boog, you're like a brother to me. We're always loud and rowdy, now and in the future. Nate, we're the devilish duo for life, and nothing is changing that. Chris, we make a formidable pair, Diesel and Sunshine. Our idea to crash Evan's was genius; Nunu must have been looking down, giving us guidance. Grant and Sean, us three know how to do it up in style. Manion, Jake, Eric, Justin, Dougie, Jono, Cam, I don't think it's possible to have a dull moment with you guys around. All my teammates over the years, it's been an honor doing battle with you at my side. Lastly, there's the one man without whom, I wouldn't have survived high school. Mr. White, you're the kind of teacher few students are lucky enough to have and really get to know.

Thank you SWHS for teaching me everything to prepare me for my days ahead in college. Thank you Mrs. Greco for helping me show my imagination through art. Thank you to my family, their support and encouragement that got me through the hard and good times.

These last four years have gone by in a flash. I can't believe we graduate this year! During freshman year on the tennis team: Pinto, Dave, and Justin… You guys were great. You took me in and helped me out with my freshman year. Kim – I learned a lot from you, and you were a huge part of my life through high school. Colin and Pierre, I know I'm going to be friends with you guys for the rest of my life. We had an awesome time just getting together and playing cards – even though I was awful at it – and I will never forget how easy you guys made these four years for me. Thanks to my three sisters and my parents, too. You guys helped me through high school, especially this year, where my entire future is determined by a couple of months. Good luck Class of 2008… We rock!

The experiences I have had at South Windsor High School have ranged from bad to good, yet I would not say any of them were truly bad. Looking back, I know that I have taken something positive out of everything. The friends and, especially, teachers that I have encountered in the past four years have been so instrumental in shaping who I am as a person, and although I will go on to meet new people I will always remember them. As I prepare to go on to college, I would especially like to thank Mr. Rizzuto and Mr. Hotchkiss for all they have taught me, and Dr. Bombara and Mr. White for their help and support during my senior year. I would also like to thank Mr. Olio for helping to further my creativity in writing and thinking, and for his work with the Human Relations Committee and all it stands for.

I would like to thank my parents, family, friends, and teachers for helping me get through my four years at South Windsor High School. I have enjoyed my four years here but also am looking forward to college. My favorite part about high school was playing soccer every year. I am thankful for my teammates and coach who made it fun every day. Also winning the conference championship was a great way to end my career.

The last four years of my life have provided memories I will never forget. Noah, playing headpong, driving over the curb at McDonalds, "Who do I look like, Woody Allen?" St. Patties day with Pease calling his cousin a "total babe" and Kyle getting hit with the cup. Hanging at my house every weekend, Noah's parties, Burnham's tournament, the pits, the good old Country Store, Britos (most successful mini-mart of all-time), and many others. Pinto - the Dynasty, the snake in the car, too many memories to think of. Thank you to my parents for always being there for me. It's been a long road to this point. I'll never forget football and hockey games, late showings of movies, driving around with Shane, Jon, Jobes and Karol, hanging out with Joey, good times at UCONN, Nomads with Kyle, Tom, Joey, Jake, and Garret, ditching the car cutting through the woods with Kyle, Veteran's Day weekend at my place, Gears of War, Halo 3, the Big E with Joey, Tom, and Jess, the Two Rivers crew, PC Gaming Arena with Taveras and Joey, runs to Taco Bell, treasure hunts, epic adventures, the Latin Homework Scandal of '07, shenanigans with Jobes and Karol, driving to Bridgeport to see the Bobcats beat Farfield Prep 5-1, April Vacation '07 at my place, and making out of high school alive. When I look back at the years that I have spent here in South Windsor High School all I can think of are good memories. At the moment I can't wait to get out of this school and make something out of myself in the future. I know when the end comes near I will regret wanting this to go by fast. Many friends have helped me get through these four years of my life. The one person that I would like to mention is Corey Bushy because he has been with me more then the four years; he made the transition from another town easier. It was a familiar face that I could always count on. My junior year went flying by; the prom was one of the greatest memories of my life with Lauren Tandy. Liz Roy I will never forget the times we had at bonfires and parties together, you're like the sister I never had. Melissa Laliberte with her comments that would always bring me up no matter how down I was. I would like to thank all the adults that pushed me to become who I am to day.

MENTAL NOTE! Years from now when you're starting your life make sure you remember all this. Spontaneous actions and living on impulses is the only correct way to live. Don't join the marines or become a lawyer. Forgive and forget. Mom and Dad mean well, you just have to look for the good intentions sometimes. Never forget your boys. Loyalty, and friendship is unbreakable, always be there for the people you care about. With that said, cheers to the brotherhood.

I would like to thank my family for all they have done for me. Thanks Mom, Dad, Steven, and Sam. I would like to thank the most influential person in my life. Thanks Alan. Bravo's class was awesome with the voice recorder. Shout out to Socom and Halo. Sleepovers at Chris's, Matt's, Kyle's, Pete's, Dave's, & Alex's have made for the best of times. Going down to my Lake House and AB's Beach House made summers worthwhile. Late nights up on the roof with AB were sweet. Beating Rockville my freshman year. Pete and I love mailboxes. Paintball in the woods and at Matt's Outback made summers painful. Basketball Camp was always enjoyable and sneaking into the

church was always an adventure. The wise words, "We get strap and make one trip!"

My family and friends have been great these past four years. I couldn't have done it without them. Fun times playing lacrosse and doing all of the little things right. (Such as throwing donuts out windows with Jason.) We were definitely the best 1-15 team in the state. Cross Country with Coach Geraghty was awesome. "Running" in the woods, climbing the wall, and making loud noises. Great idea, Nick. Rec basketball was intense. A lot of fun times with Grant. Visiting taco bells around the state- ECSU. Only once getting kicked out. Making a mess of Grant's basement with Clayton. So many good memories.

"Life's funny…so laugh!" - Kimm Zocco

That describes our whole relationship. We've laughed so hard, that we couldn't even breathe, on the stupidest things! Making ice cream cakes, cookies, surprise parties, basketball, chalk, Hannah Montana, A Cinderella Story, home made ices, blues tongues, Christmas trees, and just random things! You've always been there for me, even after our stupid, unnecessary fights! We're like sisters, we fight a lot! Love Ya! FRIENDS FOREVER! Ashleigh, I hope by the time you read this we're back on track! I miss your friendship and I miss you. You're such a great friend and no matter where we are in life, I still love you! And to my TECHIES!! I LOVE YOU! I will be back to see the great work your going to do next year! While I have lived in South Windsor virtually my whole life, I came to this high school knowing few of the people that would eventually change my life. I stayed close friends with Matt Castanho and Brien Buckman, who were my two best friends before I began high school. Yet, the choices I have made while at this school, led me to new acquaintances that have carved my high school experience. By joining the lacrosse team, I have met three of my best friends; Alan Liu, Ryan Kelly, and Alan Kinsella. Whether it was poking fun at our JV lacrosse coach's thick accent or singing the Beatles on the sidelines, I knew we were developing truly unbreakable friendships. Yet, I can say this about the entire school community, as I have met numerous people who have dramatically inspired my life. Good luck to all of you. Finally, I'd like to thank my teachers, who have prepared me well for future success. My experience at South Windsor High School has been remarkable, and I will never forget my roots.

"So often times it happens that we live our lives in chains. But we never even know we have the key." – The Eagles

I could not have asked for a better four years of high school. To Jake, Blake, Jordan, Laura, Kinsella, Loukellis, Rob, Mondy, Fung, Franny, Eric, Landon, Macsuga, Brian, Saur, Langer and anyone else who I should have mentioned; it's been good. To Tim; we'll never forget you. I'll always remember the time we spent together, from the Washington trip to weekends doing nothing at my house, Superbowl parties, going to the movies, hanging out at Saur's house and meeting the Glastonbury kids, our 3 a.m. walks, random breakfasts at Jordan's, buffet Thursdays, three years of standing on the sidelines together during lacrosse, and our trip to Boston to see the Chili Peppers. It's disappointing that there is probably so much more that I should remember but don't, but I know that whether we were having the time of our lives or just sitting in a car in a friend's driveway for hours, every second was great.

"All you need is love, love, love is all you need" The Beatles

It's hard to remember walking into high school for the first time as a freshman and yet it feels like the last four years have flown by. I'm lucky to have met so many great people along the way. Sleepovers at Liu's with 3 am walks to Manchester. Learning to play lacrosse with Liu, Kinsella, Tim, Jake and Landon AFTER joining the freshman team. McNugget Fest '07! Snow days at Kinsella's; sledding with hot chocolate and shed breaking. Louis and Clark bike adventures. "We love jazz band, yes we do". Brilliant times recording with Matt starting with Stairway to Heaven through the computer mic. Winning the conference with the varsity soccer team was a great way to finish the 10+ years we have all played together. 8th period jam sessions in the stairwells with Kinsella and Matt and various visitors. All the times sitting in Liu's car trying to think of something to do and ending up at a dollar store or bugging friends at work. Great times. Sorry Kinsella, I am Jenna.

I want to start off by saying Pete and Matt, truth is I know I'm clearly smaller than you and afraid but I love you guys. Mom and dad thanks for doing what you had to do to bring me onto this earth. It's much appreciated. I think I'm ready to move on to college and meet new women. Matt I'm so happy you never punched me in English, I probably would have cried. Colin V, Jar Jar, and Quazzy always remember I love you guys. I hope I will be remembered by all as Deuce McGraw because I spent a lot of time during high school playing halo. Cusa, Peter, Diddy, Amato, Mac, and many more, I'm lost without you. "Four and I'm gone".

What a long four years it's been. I can't lie and say I've loved it, but I've had some amazing friends that got me through the years. Stephanie, what can I say, we're one person and I love you for it. Donald, I couldn't ask for a better best friend. Girls' night girls, we're a wild bunch, and I've loved every minute of it. Jess and Marissa, I'm going to miss my dance girls and all our crazy times, Juelez Santana…Aite! I'd like to thank my parents and grandmas for all their support during the tough times, and remind them that I'll be back to visit next year! Christopher, take care of everyone at home for me, and remember anytime you need a break from freshman year, you can always come visit me. Jeffrey, I'm so glad you've been around cause you can always make me smile. And finally, Choral Spectrum, the reason I wake up every morning. I'd like to leave these words with all of you, Welcome to New York!

They told us four years would go by fast. But our naïve freshman minds blew this off as a cliché, and we all went along our merry ways. It is true though; these four years really did go by quickly. We all have changed a whole heck of a lot, our ideas have grown, and we have watched our dreams soar. I know, during this time, I've learned lessons, read books, listened to the songs of wise men (and some silly ones too). And for that I am all the better. Thanks to Leanne, Lisa, Laura, Rob, Hannah, the group, Mock Trialers, everybody- you know who you are. Thanks for being there with me as I flew through these four years. I'd also like to thank my entire family, especially Jenna, for being

there. Peace.

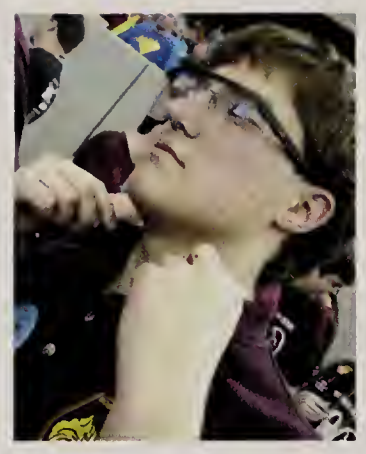
"Ob-la-di, ob-la-da, life goes on." – The Beatles



Life may be going on, but I'll always have the memories of high school with me. It's been an amazing four years, as quick as they were, with ups and downs. Thanks to all of my friends for being there through both. I hope you stay classy, South Windsor. To my whole chem class, *cries*. I salute you, Commando Brad. To my fellow worldies, stay tuned. Robotics, past and present, congrats on being the most successful team in our school. It's kind of a big deal, World Champions. You guys have all meant a ton to me. Keep up the accomplishments. Everyone has changed so much from freshman year, but nothing lasts forever. High School has been both epic and awesome thanks to everything we've all made it through over these four years. Toodles everyone, now go get famous so we can all laugh over cocktails. "Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning."

"This life is worth living, we can say, since it is what we make it." – William James

It seems like only yesterday when four years of high school lay ahead of me. Challenges and struggles laid in my path, but Blake was always there since I can remember. I also owe thanks to Ali, Alan, Jake, Jordan, Laura, Francis, Kinsella, Mondy, Brian, Landon, Eric, Ethan and so many more. Fun times, starting with meeting new people, sitting at Alan's house, midnight trip to Denny's, the movie theater, lacrosse pasta parties, running superscenics for lacrosse, buffet Thursdays, Alan's bacon, Breakfast at Jordan's and many more. But I'd like to end on this "It is cute."

"Ability is what you're capable of doing. Motivation determines what you do. Attitude determines how well you do it." – Lou Holtz

Although I haven't been physically present in school for most of the past four years, I still managed to have a great time. Lacrosse all four years was awesome. All the bus rides, singing & psych up tapes, trips to the state tournament, & being CCC Champs. To the underclassmen, keep the traditions going, keep that banner in the main gym and add more patches! To my girls, Emily, Sarah, Hannah, and Liz, we've been through a lot together and I love you guys. The bonfires, the girls nights, prom, the trip to Lake Placid, trips to Friendly's where coupons were a must, and you can't forget all the mountain dew and pixie stix. You girls got me through and kept me in the loop even when I was out of the country. Thanks for always cheering me on and believing that I could succeed. To all my friends, you know who you are and how much you mean to me. To my family, you are my inspiration and my support system. I love you so much and appreciate everything that you do for me. Good luck to all in your future adventures.

Well, it's finally over. These last four years have been . . . interesting. Whoever came up with lockout deserves a medal. There's nothing like golfing and working at Ellington Ridge Country Club with Joe and Sloate after school. Let's not forget about all the crazy things I've done with Foley and Chris. Above all else, I have 3 great years of dodgeball under my belt. It doesn't get any better than throwing balls at freshmen. But it's time to put high school behind me and head off for college. I would have never made it through this experience without my friends and family. Thanks for all you've done for me.

Dear Diary,
WE ARE FINALLY "SENIORS!" High school has literally flown by, and I know there's no way to entirely cover the best four years of my life in a few short words. So, I'd just like to say the following: Sutty & Simmy, women's work, the beach, en jeu, prom, supersoak, hockey games, Daddy Dr. D, Bio, TWO, Spain, louder man, fish eyes, the basilisk, can I ride your pony, ponder, con-

jecture, and surmise, man with a wig, Papa Gino's, and moody tags. I am extremely grateful to all of my friends for making every moment worthwhile. Brad - from walking down the hallway to walking in Memphis, car rides, baseball games, Friday Night Lights, and everything in between, you are my best friend and I love you. To Snags, Garth and Al - you guys have always been there for me. Thanks Mom, Dad, Greg & Aaron - I love you all, and I know I couldn't have done it without you. HAGS! Done and done.

"Life is only as good as the memories we make..." Well based on the last four years, I would say that my life has been fun and memorable to say the least. However, the part that made it the best has been all my friends, too many to mention. Cory, don't forget our fun times at the football games. "You have to score in order to go up six more". Don't forget Friendly's or Seven Eleven or mall trips. However, I'll miss our drives together the most and our lack in actual driving skills. Love you. Rochelle, you're crazy but you know I am too and thats why we're friends. Rachel, me and you are crazy when we're together, but that is why we have so many memories and have been friends for so long. I love all our memories. And last but not least I want to say thanks to my Mom and Dad and brothers. Without you guys I would be lost. You always believed in me and supported me in everything I did, I don't know how I would ever be able to repay you. I love you. Though it's not over yet guys, it has only just begun!! Mom and Dad, I don't know how you've dealt with me all these years but thank you so much for doing it. You've been the best I could ask for and I love you. Lizzy and Heather, you've become my sisters and I love you more than anything. Kim, Taylor, Alaina, Erica, you're my number one girls and I wouldn't of made it without you. As we progress forward in our lives, I will always cherish the memories formed at South Windsor High. I won't forget the snow days, the sleepovers, the track practices, the volleyball games and relays in the rain. Thanks to my family and friends for all the support and unforgettable times. Maeve, I am lucky to have you in my family and Michelle we have known each other since kindergarten. You have become part of my family. Also, I owe numerous laughs to Kedzie, Lisa and especially Stephanie. The great adventures I've had here are due to all my terrific friends. I look back on my high school career and I am so grateful to have been able to seize so many great opportunities. Meeting so many great people and starting the Japanese Culture Club, has given me such wonderful memories. I really am lucky to have found a sense of belonging and love among them. I know that if it were not for them, I would still be the timid little girl I once was. They have helped me to grow up and find confidence in myself. Arigatou gozaimasu, mina! "Wise men make proverbs, but fools repeat them." - Samuel Palmer

Normally, I would start off with a cliché about how fast the time passed during my high school years, but there were times when I thought I had broken the stopwatch from that Twilight Zone episode. So while there are the obvious people to thank (friends, family) there are some individuals I think deserve credit for shaping my high-school experience. Mrs. Field, for making me feel better for believing so strongly in the pro-environment cause. Nick Stevens whose affinity for The Simpsons and 80's rock can only be matched by mine. And Mr. Olio whose teaching methods were the only thing that helped me be a better writer. But with that, I still should probably thank Mom, Dad, Ringo, Corey, Taylor, Pat, Chris, Jackie, Mark, Marc, Amanda, Justin, Jeff, Zach, and any other assorted people who helped keep my sanity intact. So for any underclassmen who are reading this, keep your noses out of the dirt and never react on the first impulse. Peace out, y'all!

For the two and a half years I've been here, it's been a rollercoaster. I came into this town expecting little, and I will be walking out a better, more rounded man. I've had my highs and my lows, and luckily I have had my friends to keep me sane during the lows. This goes to you guys, Blake, Alan, Jake, Rob, Kazynski, Chris, Jordan, Laura, Kinsella, Ted, and everyone else that I don't have the space for to write names. And all the memories to go with them, from sophomore year lacrosse with the field mouse and T.J. flirting with the coach to nights at Kazynski's and Chris' house. Without you guys I wouldn't have been able to make it out of this place in one piece, and I'm forever grateful. Just keep on keeping on, I hope the best for all of you. For all you at Manchester who won't see this, I had a blast and I'll always remember where I came from and the memories that have created the person I am today, you all know who you are. I will come back and see you all soon.

The time has finally arrived. I made it. To the all my people: we out of here baby! These past four years; I had the best times of my life and the worst times of my life. Although I highly dislike South Windsor High School, it taught me many lessons. For example, watch your back, you can't trust everyone, and choose your friends wisely. I am so happy it is over and that I made it to the start of my new life. To my girl Hope- You were my one and only true friend. Stood by me and never left me hanging. From rumors, lies, laughter, yelling, crazy weekends, and memories you were not only my best friend but my sister. I love you hopeykins! To all of my African Americans keep your heads up and don't let anyone put you down. To those few teachers, Mrs. Mealy, Ms. Muldoon, Mr. Longo, and Mrs. Smith- thank you for being there for me, sticking by me, and not only influencing me but helping me out of this school. There's nothing left to say but don't hate 'cause we the class of '08.

Emily Pearson

Crazy. That's the only way to describe the last four years. Romana, you've always been there for me. We've shared so many memories together and I love you for each of them. Lauren and the Entertainers crew, sour patch kids and interpretive dancing, need I say more? My marching band buddies, Connor, Patrick, Colin, Sam, and Rachel (Mommy Dearest), without you guys my life would be so boring. Sammy G, Christine, Sam, Jess, Colin, Jen, Joe and everyone else in youth group, it's been awesome. Movie nights, Steubenville, and secret Santa salmon – Jesus take the wheel. Thanks to my family, you may drive me crazy but I'd be lost without you. Lil' pooks you're only a freshman now but the time flies, enjoy it. And to my other family, Emsacahali. Sarah, Carolyn, Hannah, and Liz, it's impossible to put into words what you girls mean to me. NYC trips, Prom, Lake Placid adventure, and countless sleepovers. Wherever life takes you girls, remember two things: I love you and "Fear is the dark room where negatives are developed."

Four years gone just like that. Cusa and Diddy, the best line mates a right wing could ask for, it's going to be weird not playing with you guys anymore. Good times chillin in the tree farm with Cusa, Erik and Mac. I'm So Hood, I love you Joe. Hanging out in your basement with your demon cat, getting furniture for our newly furnished room, and just chillin on 84 we have had some fun times just playing N64 and watching the Pats, I love you buddy. Mac, gaming it up after school, golfing everyday and just chilling. LA, I don't know where I would be with out you. You have helped me out a lot and I appreciate that, Thank you. Emily, you have made my life special and have made me happy for the past two years. We have had so many good times together, sometimes not even doing anything and these times were amazing because they were spent with you. You are my bub, I love you Em. And to the team, I have played my best years of hockey in the maroon and gold

Kayla Pelletier

How do you sum up four years of memories that will last a lifetime? High school was an interesting adventure, and I owe it all to my family and friends. Melissa, we've had lots of fun times, Napoleon Dynamite, frosting fights, your endless talking during movies, through it all you've always been their for me. Christine, where do I start, "fooball", shelefiens, all of freshmen year and of course Spanish class, we've had so many good times I don't know what I will do without you. Stephanie, I've know you since we were in diapers and I will never forget all the good times we've had together. Bike rides to Subway, flash light tag, sleepovers in the camper, the quintz, and of course the tree house that we never finished.

To everyone else, thank you for making the past four years so incredible. To my family who has always supported me, and to my sister Lindsey, I hope you enjoy high school as mush as I did. So congratulations class of 2008. Some would say it's over, but the truth is the journey is just beginning.

"Those squiggles are life. Sometimes you go one way, then you change your mind and go another way. Yet one thing is for certain, life is never linear." -Lino Pezzella.

It's hard to believe that I am a senior. I can still remember my first day of school as a freshman. My years in high school, although at times, have been difficult, have taught me a lot. I want to thank my family first and foremost. My family has always been there to say what I need to hear. I would also like to thank all the teachers and guidance counselors that have given me encouragement. And finally, I would like to thank my Italian Grandfather. Through his words passed down to me, I have found strength and guidance to live out his dream.

Paul Piacentini

I have made many friends from freshman year up till senior year. I know some of these friends I will have for a long time to come, while others I will probably never see again. Many students and teachers will remember me as the Military or the sketchy kid who wore the same outfit every day: a grey Marine T-shirt, blue pants and carried a black bag around all junior year. I would say one moment I will remember the most is on spirit day, senior year, when I wore my Ghillie Suit to school, I got many interesting looks that day. I will also remember the good times I had on the outing club trips, even though it took my friends till senior year to make me go on them I am glad they did. At the begin of senior year I enlisted into the Marine Corp this is defiantly what I want to do and ask anyone who knows me and they would tell you that is where I belong. All in all the years I have spent at South Windsor High School are some I will always remember.

Wow, can't believe I actually made it this far. First, have to thank my whole family for helping me get through this. Mom, Dad, Nick, Bob, and Jackie couldn't have done anything with out you guys, thanks and I love you. You always pushed me to my fullest and it was worth it. Then my friends: all the stupid stuff we did. Chris, Cam, Justin, Eric, John, Doug. Then my newer friends Manion, Pete, Clayton, Nate, Doogie, Dave and so on, thanks. High school has been great because of you guys. The pranks, bike rides, fishing, snowboarding and off-roading. I'm going to miss you guys when we all go our own ways. The best little fish ever, the one I been with for over 3 years: Lizzy. I wouldn't have made it outta here alive if it wasn't for you. My first and only love. Thanks a lot; I love all the people that helped me get through this. Devin-Wish you were graduating with us. Ford Power. Peace Out SWHS!

The past four years have gone by so quickly and they have been full of great memories. It seems like just yesterday I was a freshman entering a new school. I would first like to thank my parents who I credit much of my success in high school to. They were always there for me and they always put up with me. I had so much fun with the hockey team. You guys were the best and pasta parties could not have been anymore fun, such as sledding behind cars and prank phone calls. I had a great group of friends, especially my friend Brad. Waiting in line overnight for the Xbox 360, playing video games all night, bonfires, and playing pond hockey. I would like to thank Ms. Dava-

gian and Mr. Grosso, who were always extremely helpful in school. Missy, thank you for everything and I have enjoyed all the time we have spent together so far. I am so lucky to have you and we will continue to become so close. My brother Nick, while you are a pain sometimes, I have enjoyed hanging out with you. Congratulations to the class of 2008!

Even though SWHS stole 4 years of my life, I don't regret any moment. Mrs. Mealy thanks for instilling the confidence in me that I thought I didn't have. Mrs. Quinn's awesome and it was wonderful spending my four years with her and mentoring was great. Flanders, what a guy I wish could take CWE for four years so I could split up you and Mrs. Mealy haha. Ms. Smith, your name changed your kind heart didn't. Grosso is by far the best teacher ever. Ms. Heath I still have my hair and I earned my credits in math thank you. Zeuschner, Wimer, Johnson, St. Jean, Brenner, BEGS, Tomasek, Ruiz, Lamarouex, and Stead, Thanks. To my friends, Reggie, Ancel and Turhon you got to admit we are the flyest things moving. We had nothing but laughs from the times we spent together I love y'all dudes, Theresa you're the funniest girl I know and its great to have you around, too bad you graduated early. Thanks Dorcas for being my photographer, Fatima we had ups and downs but we still cool.

Killer Cuatro, Volleyball seniors and all the other fantastic people who've stumbled into my life: you guys are fab. Good luck to the volleyball girls next year; make us proud! Thanks to the former crew and Rach for giving me some of the best years here. To my fam and teachers, thanks, for everything. The Beatles got it right: here's to good times and great friends. Good luck 08!

Andrew Recato

I'd like to thank my dad for being such an important man in my life. Everything I am reflects upon you. Starting with freshman year- with every new friend came a new experience. One of which, I'm the most proud of, claiming Aamna as my best friend. No composition of words can explain the amount of love I have towards you. You've opened up doors I couldn't unlock on my own. Fatima-I can always rely on you being there for me. Sophomore year-Krishna my main man, you're still my only competition in life H&K baby. Johnny my Aussie brother I love you kid. Erika, you're the best thing that happened to this school. Junior year-Amber, you should've told me sooner; I'll miss you. Finally, senior year-the year I'll never forget. Breanna-thanks for being the one to tell me how it is. To the dominating importance in my life, Amrita, forever know that you'll always mean the world to me. With all the past behind us, I hope you'll still mean the same to me with years to come. You gave me memories to cherish forever. "Truth and Time tells all."

Kelsey Richards

Wow is all I can say. These past four years have gone by so fast. As graduation comes closer it makes me think about all the good times I've had and all the memories I'll be taking with me. To my friends, you are my everything. You guys are the reason I come to school in the morning. I honestly don't know where I'd be without you guys. Summer nights, movies, chillin by the pool, and just having fun no matter where we were. There have certainly been some crazy times and a lot of good laughs. No matter the situation we always seemed to have fun. High school has brought along a lot of different challenges, but no matter how tough it got you guys were always there for me. I mean who else am I going to break out in a random British accent with? Or just come up with the most ridiculous noises I've ever heard? And who on earth is going to spend two days playing with the giant peach with me? Irreplaceable memories from irreplaceable people. I really just want to say thank you for everything you all have done for me. I love you all so much.

I always remember talking about the day we graduate, but I never thought it would come so fast. There are so many memories and not enough space. KATIE-My other half, you've been there no matter what because ain't no mountain high, ain't no river low to keep us apart. CAM-You're the best and next year won't be the same without you. BREANNA, AMRITA & JESS-My favorite girls we have been through thick and thin, you're all amazing. JESSIE, MEL & ALYSSA- My little sisters, make me proud. MY FAMILY-Thank you! There have been so many good times no matter what we are doing and the laughter has been endless. You all have a place in my heart and nothing can keep us apart. I love you all!

Just as we get settled at the top of the food chain we are going back to being guppies! Innumerable thanks to all my friends, you mean more to me than I could ever say. Sara, I love you more than you know. Laura you are my other half, never forget that! Thanks to: Miss Muldoon for pushing me harder than anyone and making it enjoyable, Mr. Olio for his quirky smile and inquisitive nature, Mr. Carlson for showing that even though you may be an adult you don't have to be a grownup, Mr. Lamoureux for inspiring my passion for biology and exhibiting an impressive tie collection, Miss Lane for putting up with all our antics and a willingness to teach beyond her obligations and Mr. Stead for having the confidence in me that I was lacking and possessing a rare spark of caring for all his students. Miss Russo, I couldn't have done this without you, you have been, and still are my lifeline.

First let me just say Mike, do your job! And Margie even though you make me the best breakfast, do you even go to this school? Lori, I can always be weird with you and if people ever listened to our conversations they would never understand. Erica, basically we are the same person. Kara, you always make me laugh and give great advice. Becca, you're cute and such a good listener. Maria, my little soccer star- sixty nine. LaVangie, thanks for being there whenever I need you. Thanks everyone for making me laugh all the time. I'm going to miss all you guys. Good luck my lady bobkitties, Kmor and Lisa - I'm leaving my amazing soccer skills to you guys.

I can't believe that we're almost done with this place! It's been fun, but I'm glad to be moving on. Thanks to everyone who has been there to support me during the past four years. I want to thank God, Mom, Dad, Hendrix, and the rest of my family for always being there for me. Mrs. Quinn, Dr. Bombara, Mrs. Greaves, Ms. Begley, Mrs. Riley, and Pastor Eric, thanks for all the help that you have given me. I really appreciate everything you've done, and I'll never forget it. To my amazing friends, I love you guys so much and you mean more to me than you'll ever know. I don't have to name names because you know who you are. I will always remember you and the great times that we had. Peace and God bless.

Jeffrey Sancho

It's hard to think about all that's happened these past four years because so much has happened. Every year has seemed to go by faster. Weekends out at Joe's with Noah, Kyle and lots of other people, rolling down hills, Burritos and Wendy's food runs, Howly the Owl. Going to Bloomfield with Shane, Bonfires, football games, Party's, and winning the conference for soccer. Standing on chairs at lunch, Konvict, busting out into a random dance, JT wannabe, and summer concerts. Hockey season was the best, from cheering till I lost my voice to dog piles in the Fairfield game. I'd like to thank my family for having to live and deal with me, but still pushing me to work hard, I couldn't have done it without you. To all my friends, I hope we all stay close, if not, good luck in the future.

"We laughed until we had to cry, we loved right down to our last goodbye, but over the years we'll smile and recall for just one moment we had it all." St. Elmo's Fire

Wow, it's been one crazy trip. I don't know where I would be without my friends and family. Ker, you're my older sis, but also my best friend, not sure what I'm going to do without you next year. Steph, you were my very first friend, and you have always given me a shoulder to cry on. We lasted through being called smart bunnies and dumb cookies. KP, Soccer games…says it all "Ladies I found your cop stories entertaining" said detective so and so. And Meg, what can I say, what would I do without Sweet n Low in my coffee, watching hovering airplanes, my gym buddy, aimless car rides around town, tom-toming it where ever we go, and oh yes 7-11. I don't know who I'm going to text next year, or who I'm going to find my Italian guy with. And if it wasn't for Mike and his "Hey Buddy," I wouldn't know how not to talk to a cop. I'm going to miss you all, and I love you SWHS Class of 08.

Four years isn't as long as you'd think it would be. I'm happy it's over but I would give anything for it to start again. Who knows where we will end up, but all that matters is where we've been, and we've been almost everywhere over these last couple of years. Thank you to all my friends for making this time enjoyable and to my family for putting up with it all. High school is really just a bunch of dos and don'ts though. Do your homework. Don't purposely trip on stage at the honors breakfast. Do your best and always try your hardest. Don't throw donuts out the window of a car at underclassmen. Thank you, Pete and Dave, for saving me multiple nights and giving us all something to laugh at and to Josh, Dan, Tony, and the rest of us smart kids who do absolutely nothing. Let's do it all over again in college.

Fatima Shah

I can honestly say that these four years have been amazing. I have no regrets, and I'm thankful to everyone who was there for me during all that I went through. Mom, Dad, Nowreen, Pari, and Merium, thank you so much for being there for me, pushing me to strive forward, giving the best moral support any family could give. My girls, Amanda F, Amri, Lindsey P, Lissette, Patricia, and Theresa, you girls are my God given angels. I could never replace you. My Boys: Aaron O, Adam S, Ancel, Anthony A, Bry T, Byron, Drewski, Eric B, Reggie, Turhon, Zac C, and Zac W, you boys are the best guy friends a girl could ever ask for. To the faculty, thank you all for being such great people. You made my experience here all that much better. To all my friends, I will really miss you guys. You made my four years here amazing. For the class of 08, sharing these four years with you all was unforgettable. "Don't live down to expectations, go out there and do something remarkable." I wish you all the best of luck. Here's to the past four years. Here's to the bonfires, movie nights, car rides, girl's nights, and the friends along for the ride. To those who've been with me unconditionally throughout high school- Emily, Kim, Romana, Carolyn, Jess, Sara- you simply are the best; thank you. I don't know where to begin with all our endless inside jokes. I love you girls; you made high school what it was. Field hockey, amazing. Kendra, Becca, goalies- best of luck. Chamber, String, Marching Band- coolest kids in school. Rock on. Orch Crew & Asian Standpartners love. Emsacahali- no matter what, we'll always have each other. Love you. Matt, Jeff, Alex- at least try to be good. Sara- the sister I never had. I could write a book on all the trouble we've gotten into. Matt- I couldn't ask for a better brother. Work hard, but most of all, have fun. Mom and Dad- I can't thank you both enough. I wouldn't be where I am without you. You're the best and I love you three. And finally to the class of '08: We did it!

High school has felt like such a blur. I've had amazing teachers who have changed my life. Four teachers in particular, three of whom are no longer here, Mrs. Riley, Mr. Campbell, Mr. Stoklosa, and Mr. Mothersele are all amazing teachers as well as amazing influences and I'm so glad to have been their students. If I take anything away from high school it will mostly what they have taught me.

"Nobody said it was gonna be easy, they just promised it was gonna be worth it."

And that it was. I will never forget the many insiders, unforgettable nights and our huge immature crew. Meg and Tay, we are honestly insane, we are all in this together, epic. Lizzy and Alaina, we balance each other out. Scaling down mountains, lacrosse games, almost breaking my arm skateboarding, and offroading before lacrosse. Tori, we've held a pretty tight friendship since forever, we stuck through all the drama and became so close. I don't think I'm ready to separate from you yet. Maria, I love you bottlehead! Erica, three blind mice! Chris, bowling in kindergarten and swimming in the ocean for 4 hours. Eric, Cam, Justin, Jono, Pete, Manion and Dave, elm knoll, quadding, crashing parties, my house! You guys break faces for broken hearts. College is going to be tough, all not together. We will never find people who love us enough to put up with the weird and crazy things we do. I'll love us till the end of time. Kels<3

It's exciting to finally graduate and begin to pursue our dreams, but you always wish you could have one more year with the people you spent most of your life with. Hockey was great; I can honestly say I will miss waking up having the 4 a.m. giggles. Mac, Diddy, Pease, and Erik, I'll miss you guys. The memories are endless; Pease's routine bonfire drama, fishing, off roading, 16-0 with Joey, sneaking into Megs house, kickin' back with 30 "stones". Mac can't forget you all I have to do is look at my arm. Lauren, I spent two great years with you and I'll never forget when we were together. Hopefully we will stay friends. I love all of you and I know you will be my friends for the rest of my life. Good luck with life everyone.

My last four years at SWHS have flown by. They have been a great time. Foley, Spada, Metzger, Chris, Johnny - You are the best. I'm glad we became great friends. Golfing at The Stone, The Ridge and The Brook. Who's the best at Tiger Woods?? Hold 'Em games that we could never finish. Trips to Laser Quest - That is always an adventure. I will always remember my first job at Willow Brook with Johnny, my second job at The Ridge with Joe and Metzger. So many memories there. Our imitations. PRICELESS!! Most importantly I'll remember what I learned about life and myself from my classmates and teachers. To my family - Mom & Dad- Thanks for your support and guidance. I know you will always be there for me. Heather- We may drive each other crazy, but we know that we count on one another.

Here's to everyone that made high school the years worth looking back on. Danielle, I wouldn't be the person I am today if I had never met you back in seventh grade. We've been through it all. The times we've had are unforgettable, I think the fire is too hot, no, I think the fire is just heating up. I love you, but I don't like you. You, Melissa and I, fearsome threesome for life! Anna if anyone else was in the car with us they just wouldn't get it, love you. My lady bobcats, ya'll rock, every single one of you. Erica we date each other's ex's. Maria uh this isn't my car, and spending twenty minutes shoveling you out of my front yard! Everyone who has been there for me, especially my girls you all are unbelievably cool. And thank you, truly, to my family. Julie you've been such a great role model for me. Mom and dad, you have no idea how grateful and appreciative I am for having you, I love you all. To all my seniors, cheers to the forgotten, the regrets, the memories, and the good life, we did it!

Ryan Stanley

Four years have come and gone, but I'll never forget them. I want to thank my mom and dad for being there for me. Links and Brendan, you guys are the best brothers I could ask for. Jeff, Matt and Brian we've been through just about it all together. Erik, Henny, Hoe Jickey, Petey, Darth Jar, and even Benny, couldn't have made it through these four years without you guys. We've been through a lot, even the night at Brian's and mess that Jared made. Also, would like to thank all those who have shared the halls of SWHS with me. I would like to include in this write-up: Pease streaking, dislocated finger, off-roading, CT, the shock, Summer Concerts, Black Point, yard hockey and the one and only gold. "Goodbye doesn't mean forever."

Elizabeth Strange

"How lucky I am to have something that makes saying goodbye so hard."

Well those 4 years sure went by fast. Special thanks to mom dad and Rob who taught me if I want something bad enough, I'll get it, I love you. Meg and Heather, over the years you've become the sisters I never had, too many priceless moments to count. Willie, from diapers to diplomas, wouldn't have been the same without you neighbor. Jono, you sure made these years fun. You've taught me so much and with you I've had some of the most memorable times of my life. Where ever we both end up, you'll always be in my heart. Kim and Alaina, adventures of climbing mountains, off-roading before lacrosse, meeting the bus on route 5, you two are crazy. Erica, you've showed me that life is about making the best of it with what's around. Lizzy Gineo, snowboarding in Colorado, or should I say the attempt to, good times with you, we even have our own chant. Good luck to everyone, it's been awesome and this is just the beginning of life.

Ashley Szestakow

"If you only get to go around one time, I'm gonna sit back and try to enjoy the ride."-Dierks Bentley

I can't believe our high school years are over but the time we spent here was definitely a good one. I'll always remember the memories with the friends I'll never forget. Especially Katie, what can I say, we've been in this since we were three and nothing's going to change. My best friend heys, I love you for life! The concerts, the meadows, riding, the beach, point o' woods, scrapbooks, boys, drama, pointless car rides, sleepovers, prom and of course school in itself. And I can't forget the Footloose dance girls, 14 years; I'll miss you all next year. I just want to say thanks to the people who have come into my life and to the people who are still in it. You've all made it worth while and I'll miss you next year.

It's hard to believe that these past four years have gone by so quickly. We're done! Now it's off to another chapter of our lives. Thanks so much to my family for always being there through the highs and lows. Ev- be good and stay out of trouble. I will miss having our raging dance parties in the car. "Do what you love and [forget] all the rest." – L.M.S.

After four years of finding our way through high school, it's weird to think it's coming to an end. Our friends have become our family and saying goodbye is tough, but that's what makes looking back on the good times so worthwhile. Lisa: Trampoline wars, deck games, helping me grow up. Athas: Boston New Years, running, extreme bowling. Steph: Mario Kart, being immature, Never's volleyball. Corey: The give and go play, garage games, syrup. Michelle: Soccer, block heads, our massive egos. Foley: Bobcat defense, Nintendo, "the nose." Jen: Ping-pong, crazy card games, bleeding hands. Ashlee: The ring game, 6 Flags, trips to the beach. Caitlin: Relay, apples to apples, hilarious one-liners. Spainers: Snags, 8 hours in Germany, karaoke, that's what you get…literally. Soccer Team: Singing on the bus, CCC East Champs! Tracksters: Minisoccer, Captain Planet, long meets, "run faster." To my family, I love you all. Thanks for supporting me through all my ups and downs. To everyone, congratulations!

"But I won't regret, 'cause you can grow flowers from where dirt used to be." - Kate Nash

This is the time when everyone is trying to figure themselves out, which can make high school a pretty awkward place. I would like to think I've grown up, but I would also like to think I've got a lot more growing up to go. Liz and Andrea, you girls mean the world to me, and I thank you for the crazy, silly, giggly times we've had, and for the support and insight that you have offered me. I wouldn't be who I am today without each of the people that have been in my life, and for that, I will be eternally grateful. Life is good, enjoy it.
P.S. - I'm sorry this is cliché.
P.P.S. - Matt, you're cool.

"If I'd observed the rules, I'd have never got anywhere." - Marilyn Monroe

It's been fun. There are so many people who have made high school so worth it. Erica bff we've had so many good times. Nothing beats walking/biking all over town, falls, Mozzicatos. The days of the radioshow, bluehair! airsoft, Lax, boarding/summer times! Lizmad topchoice for: geese chasing, lax, beach/mountain director when the directions go out the window, Geisslers, candy apples, BIKING TO SCHOOL, and I always take your advice that you would never give yourself. Meg summa days at the rswing, dying at the top, fires, random drives, AM breakfast, & I can come to you with my ridiculous decisions, mistakes or ideas because most likely you would do the same! Kim fun times at yo house, luc/ralph-love,lax u me and kfleet, offroading adventures, catching the bus on rt5,boardin AND I am sorry about the lamp still! LOVE EVERYONE ELSE! We'll always be friends wherever we end up. Hold it down next year for all my faves still at SWHS.

I started my high school year not knowing what lay ahead for me or the other forty or so Two Rivers Magnet Middle School Students. I must say to the Two Rivers class of 2004, WE DID IT!! We have beaten the odds. It felt we were always looked down upon since the first day at South Windsor High School. I remember being told that we were not well prepared! It is quite the reverse; the school was not prepared for us! We came here with an advanced knowledge of earth science and technology yet we were not able to excel in these areas. We are the first graduating Two Rivers of 2004! I have to say thank you to all my friends here, and as well as at and from Two Rivers. Thanks to the teachers as well, Mr. Dart, Mr. Giangrave, Mr. Costello, Miss. Sivo, Mrs. Rowe, Mr. Gold, and Mr. Gustave from Two Rivers. Go Terrapins!! Thank you Dr. Bombara, Ms. McKenna, Ms. Muldoon, Mr. Verrastro, Mrs. Quinn, Mr. Clark and , Mr. Frank. I also want to thank my family, Mom, Rachel, Polar and Duncan for your continuing love and guidance.

"Nice."-Detective from South Park

Now as I look back my high school years have been a huge part of my life. I would really like to remember all the people I've spent my time with Jake, Rob, and Chris since elementary school and have been like brothers ever since. Some of my more recent friendships would include Alan, Francis, Eric, Ali, Brian, Caroline, Nick, Laura, Landon, Lucian, Stacey and Jordan; although I met them later in life they are still some of my best friends. We have been through good times and bad but I think fondly of all these people everyday. Things like buffet Thursdays and playing paint ball. Even if we were just hanging out doing nothing it's a good time with any of these people. All the stupid conversations we have had and crazy experiences that have happened. But I'd like to end on this: "That's cute."

Andrew Walker
"Some people believe soccer is a matter of life and death. I'm very disappointed with that attitude. I can assure you it is much, much more important than that." Bill Shankly

Awesome senior soccer season, CCC EAST CHAMPS…finally! That red card was garbage, good times with Hwang, I hit at least 5 posts in 2 Varsity years thus equaling a goal. Bobcat Hockey, Bobcat Hockey fans, best combination ever. That's what she said haha Rachel, got to love it when those drum rolls are long and hard to do. Walking to Vernon Lanes and being rescued by Zach. Let's play a game. I don't wanna control you I wanna console you. Hah GARTH, eating machine. Dodgeball, funniest kids ever. Sorry to Begley for giving you a hard time every day and stealing your gum, I'll make it up to you! Thanks Mom and Dad for everything ever, Katie for always trying to get me in trouble. Thanks Erica, Bradley, Sahar, Alicia for all the ridiculously fun times you dumb pirates…Love ya Lauren and Corey for eating lunch with me for the past 3 years…RIP Devin

Time elapsed as fast as the light comes through the world. However, memory could be the only evidence that is left in our minds. Ultimate destination of life can be nowhere, but success. Glory shines the most beautiful shapes while sparkling, but covered with loneliness. There is an old saying "Two little mice fallen into a bucket of butter, the first mouse quickly drowned and died, the second mouse wouldn't quit that he struggles so hard and eventually turned the butter into the cream and walked out." I am here the second mouse and would never give up my life and stopped reaching my final destination.

Jessica Werkhoven

"There comes a moment when it's more than just a game, and you either take that step forward or turn around and walk away. I could quit but here's the thing, I love the playing field."- Grey's Anatomy

I can't believe how fast four years went by. It doesn't seem real that everybody I grew up with is heading off in different directions in less than 3 months. I'm going to miss everybody so much. Beach Crew, Love you! I will always laugh when I hear the word NUBS, the sight of red and blue lights, cookie cakes make everything better and TP houses will never be the same! "I have epilepsy!" Putting cars in neutral just for laughs! Fun times! "We hungry!" I'm going to miss everybody so much!

Christopher Willadsen

"I hope it is true that a man can die and not only live in others but give them life, and not only life, but that great consciousness of life."-Jack Kerouac

I would like to thank my family for always being there and my brother for making every transition easier. I would like to thank my friends also, the group. I've known all of you for so long and I've had some great times with you. The fires in my backyard, late nights, bike rides before we got our licenses, football, basketball, the adventures, the pits. John, you've been my best friend through all of this even though you didn't finish out here. Manion, Berner, Bordua, Cam, Jono, it's been a blast. To my others, Pete, Clayton, Nate, Kim, Maria, Lizzy, I've enjoyed everything. Meghan, you're great, I've had a blast hanging out with you. To the football team, take every moment on that field as if it's your last and good luck. Doogs and Jake, have fun next year.

Reyna Williams

I can't believe senior year is finally here. I'm going to miss all of ya'll like crazy. Shout outs to Faithful I will always remember our Halloween trips to West Hartford. Hula Hoop I still remember the kicks we had before chorus. Mesha we been friends forever and I love you to death. Daynish I would always remember your little slip and slide incident on the stair case. Dee always remember that Conga bonga will be there. Rah Rah you will always be my little Cartmen. Reggie and Byron I will always remember our little bus moments. Stacie the yin to my yang. Lorelei I will always remember yoga in gym. Reese's puff love you like a brother. My abusive midget Fati and Lissette. And also to my three favorite teachers in this asylum Mr. Myz, Mrs. Quinn, and Mr. Fllaannddeerrss! Thanks Ms. Smith for pressuring me to hand in all of my college stuff. And to those I didn't shout out I still love ya'll! Remember people that "Life's what you make it, so let's make it right!" Class of '08!!!

I want to thank my friends for always being there for me. You know who you are. There have been too many good times to name them all, but some of the finest: snow days under the power lines, our neighborhood, trampoline wars, my porch, mini soccer, shopping in furniture stores, Boston, tennis balls, open windows... Mom, Dad, Adam and Emma, I owe everything to you. I love you. Good luck to everybody.

Ted Zimnicki

It seems like yesterday that I was walking into high school for the first time. The years really do fly by. My four years have had their ups and their downs, but what doesn't right? I just want to thank my parents for always supporting me in everything I do. I'll never forget all of my friends and teachers from school. There have been too many to name. Spectrum! Can't forget all those early morning rehearsals and entire Saturdays spend over at the studio. It's been a lot of hard work but for Best in Show two years running; it's all been worth it. Again, I want to thank all my friends, family, teachers, pets, construction workers, bus drivers and pianos for all of your support while I was doing my time. And since someone took away our senior quotes, I guess I'll have to put mine here.

Brian Manion

"My knee has a wedgie!!"-Jake Brown

WE DID IT!! So many great times with the group, Berner, Chris, Justin, Cam, Jono, Derosa, I will never forget all the adventures and stupid stuff we did. Chris, all the day trips and adventures were awesome and I will never forget them. Berner, bad boys for life, driving wont be the same with out you. Justin, you were always a good friend and work was always fun. Cam, so many good times. Jono, I'm going to miss you, it's been fun. Derosa, missed you this year, Lavangie, we haven't been friends for that long but it's been awesome. To all my new friends Jake, Birch, McDougal, Clayton, Nate, Diddy, Dragon, you guys are awesome. Marissa we've been best friends since the crib. To the girls, Maria and Kim I love you guys, what would I do with out my sisters? Erica how could I possibly put it into words, you have always been there for me and I love you the past year and a half has been amazing. Mom, Dad, Kevin and Michael I love you guys, thank you for everything.

"Dream Big", Author Unknown

If there were ever a time to dare, to make a difference, to embark on something worth doing, it is now.

Not for any grand cause, necessarily--but for something that tugs at your heart.

Something that is worth your aspiration; something that is your dream.

You owe it to yourself to make your days count.

Have fun...dig deep...stretch...dream big.

Know though, that things worth doing seldom come easy.

There will be times when you want to turn around, pack it up and call it quits.

Those times tell you that you are pushing yourself and that you are not afraid to learn by trying.

Persist, because with an idea, determination and the right tools, you can do great things.

Let your instincts, your intellect, and let your heart guide you.

Trust. Believe in the incredible power of the human mind.

Of doing something that makes a difference. Of working hard, of laughing and hoping, of lasting friends,

of all the things that will cross your path.

Next year, the start of something new, brings the hope of something great.

Anything is possible. There is only one you, and you will pass this way but once.

Do it right.

Tom: Congratulations! We are so very proud of you!
Today starts another chapter of your life. Enjoy!

Dear Chris,

While we could speak of all our vacations, day trips, sports at all levels, band, camps, etc. . . . it has been our everyday life together that has been so rewarding and will be so missed. You are a great son and brother, and you're a loyal friend. You possess all the qualities - including your stubbornness! - to be happy and successful in your life.
